ROOM PLANNING WORKSHEET

Before You Remodel

Pick one room and decide what you want it to do better.

Illustrative kitchen example

Room / area _____

What gets in your way today?

Example: The path between the range and the table gets tight when two people are in the kitchen.

What works well and should stay?

Example: The sink by the window gets great daylight.

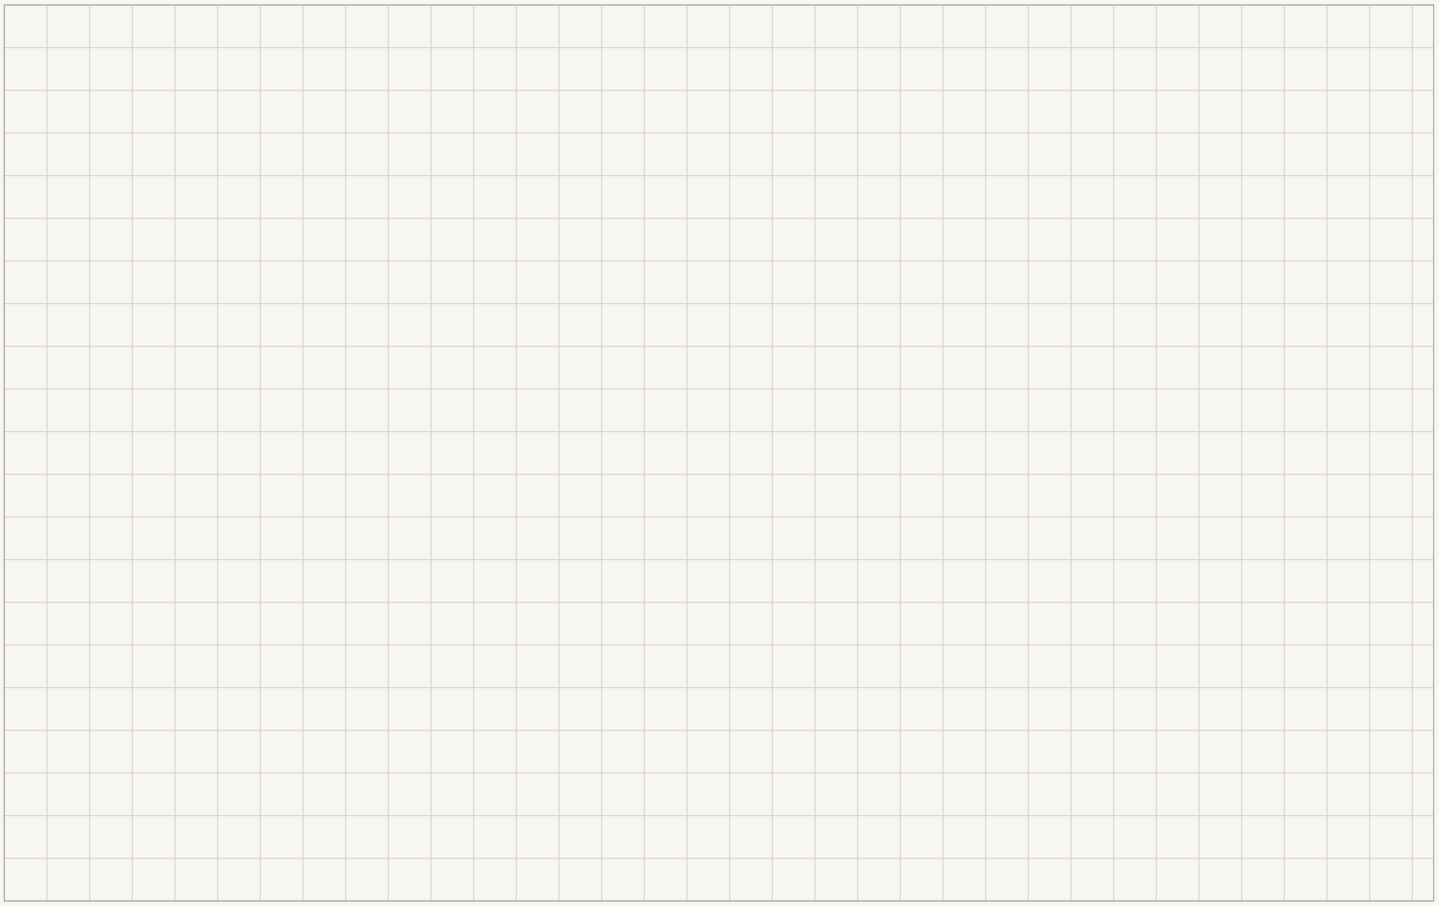
My three priorities

1. _____ **2.** _____ **3.** _____

ROOM PLANNING WORKSHEET

Sketch your room.

Mark doors, windows, fixtures, and cabinets. Circle the spots you want to change.



Rough sketch for discussion. Add approximate measurements if you have them.

Photos to bring

One wide view from the doorway and close-ups of the areas you want to change.

Timing and questions for the estimate
